The Board values your input as Waupaca County residents!

- 1. The Board Chairperson will request the public gathered for tonight's meeting to provide brief comments to the Board on issues of concern. The Board will be able to listen to your comments, but will not be able to respond tonight.
- 2. Public comment will continue until **ALL** persons wishing to present have had an opportunity. Persons wishing to present should stand and state their name, for the minutes, prior to giving comments.
- 3. Written comments or other information will be accepted during the hearing also.
- 4. ALL persons attending should sign the attendance log.
- 5. The Board Chairperson will close the Public Hearing.

The Board will continue with the rest of its meeting agenda upon closing the Public Hearing. The public is welcome to stay for the Board meeting or may leave at the close of the Public Hearing.

Presentation: Chris Culotta, WI Department of Health Services, Division of Public Health, joined us tonight. In January Public Health Services had a 140 Review. Every 5 years, they do a minimum compliance audit. Chris thanked Waupaca County for the clear evidence reports. He said the write-up was phenomenal in telling Waupaca County's story. Chris highlighted the programs provided by Waupaca County Public Health, along with the collaboration with the five other counties. Chris presented a certificate of designation from WI Department of Health Services. Jed has all the write-ups from the review if any Board members would like a copy. Jed is hoping to have all the recommendations completed by the end of the summer. Jerry Murphy recognized Jed and the Public Health Services staff for their work. Pat also commented on how the meeting was positive. Chris stated Waupaca County has made great strides since the 2014 review. Jed thanked the Board members and Chris for the support.

2018 County Health Rankings came out about a month ago. These are produced by University of Wisconsin. Waupaca County ranked 43 of 72 counties. Our ranking was 42 last year. High School Graduation rate is our highest ranking at 95% or 7th in the state. Our two priority areas are alcohol and drug abuse, and mental health. Chronic disease is another area we will be identifying to address. Dave Neumann asked how the obesity rate is identified. Chris will follow up to see how it is identified in Waupaca County.

Jed is working on Chapter 10 revisions, updating the Administrative Code. He compared the "Current Version" of Chapter 10 with the "Draft" version of Chapter 10. They are looking to update the ordinance. Jed is looking to pull some nuisances out of the ordinance. He would like to identify one ordinance for Public Health, and pull out nuisances that cross other County Departments. Junk is being recommended to be added into Chapter 10, and Zoning Department would handle junk. Jed reviewed nuisance areas that he is recommending for change.

Staff Recognition – Director Price presented Cassie Schmitz, Environmental Health Specialist, with a certificate of recognition. Wisconsin DNR Specialist, David Bougie, complimented Cassie for her great work assisting their Department the past year.

Personnel

a. Employee Updates – We received a resignation today from Brian Fischer, who has been a CST Case Manager for almost 5 years. Shannon Kelly reviewed the staff changes for April. Sandy Gallow had retired earlier this year, but came back to work with us as part-time Behavioral Health Therapist on April 30. We have an offer for Child Protective Services, 2nd interview for CPS I & A, and interviewing next week for Mentor and Behavioral Health Crisis positions. We have had a Behavioral Health Nurse vacancy since early this year.

2. Finance

- a. Income Statement Overall percentages are on track at this time. We are coming up on the first quarter of the year. We will finalize 2017 by early June.
- b. Payment Register was shared with the Board. Motion by Lehrer, second by Johnson to approve bills. Motion carried without a negative vote.

3. Reports to the Board

- a. Advisory Committee Board Member Appointments.
 - i. B-3 EIP/C-COP –Dr. Goedderz volunteered to be on the committee.
 - ii. Transportation Jerry Murphy will continue on this committee.
 - iii. Committee on Aging Jan Lehrer and Mary Kay Poehlman were appointed by County Board.
 - iv. ADRC Pat Craig will stay on the Committee until July, 2018.
 - v. Nutrition Advisory Council Jan Lehrer volunteered to be on the Committee.
- b. Board Member Reports of Meetings Attended Jan attended the Transportation meeting. Part of the meeting was to help get grants. She suggests visiting other counties to see how they address transportation, and look how to address transportation in rural areas, especially with our aging population.
- c. Waupaca County Industries (WCI) Updates We are wrapping up auctions. The main production and equipment pieces have all been done. The school buses will be posted soon for sale. The building has been listed for sale. There was one offer and the County counter-offered, however, no response was received. The income statement has an ongoing budget line item with updates on sales. Last month we reported we thought some items were stolen, however, the purchaser picked the items up early.

4. Director's Report

- a. Follow-up to previous meetings and general updates
 - We have continuing meetings with law enforcement throughout all jurisdictions in the County. At these meetings, there are discussions about cases and working together for the families. We are updating an MOU between our Department and all law enforcement agencies.
 - ii. Chuck is involved with Organizational Effectiveness with Wisconsin County Human Services Association.
 - iii. Chuck, Jed, and some staff attended the Waupaca Way follow-up meeting last week to go over goals.
 - iv. US Government Accountability Office contacted Chuck to talk about research in Trauma Informed Care. They are coming to talk with Chuck, Shannon, Alisha, Season, and Erica on May 9.
 - v. Chuck had his performance evaluation last week. He thanked the Committee for his support with the Department. Many goals he had in 2017 were accomplished, especially in the area of growth in mental health services; becoming a pilot in child welfare services; communications with schools and law enforcement. Chuck would like to bring the Drug Court position under our Department. We haven't had the capacity to bring the program under us in the past. Chuck, Shannon, and Sherrie are in talks with Aaron from the Drug Court to look at transition in 2019.
 - vi. May has been proclaimed as Trauma Informed Care Awareness Month. Chuck will pass that on to Jill to have on the County Board agenda.
- b. WCDHHS Public Hearing will be next month.
- c. We need to re-schedule the July Meeting due to the 1st Wednesday being July 4. Chuck is suggesting the meeting be July 18 with a light agenda, then have Trauma Informed Care and Board Member Training that night. Another option would be July 11, however, Shannon is off that week. The July meeting is tentatively set for July 18.
- d. Alternate Care Report was shared. We have a few high level placements that we are trying to find options for placement. Alisha called 33 locations today to find a placement, with no luck.
- e. Mental Health Report was shared. Winnebago continues to reimburse us from past placements. Last month was a heavy month for placements, but we are trending in the right direction with the Behavioral Health Crisis Team.
- 5. Motion by Much, second by Goedderz, to adjourn at 7:02 pm. Motion carried without a negative vote.

Memo

Re:

Children's Long-Term Support (CLTS) Position request

DHHS is requesting the addition of one full-time (40 hours/week) Children's Long-Term Support (CLTS) social work/case manager for the budget year 2018. This position will report to the Family Community Services Manager and will join the current CLTS team made up of 3.8 FTE's making the team 4.8 FTE's.

The Wisconsin Department of Health Services has given County Waiver Agencies the direction to eliminate all CLTS waitlists by December 31, 2018. This direction to eliminate the waitlist was given in early 2017, however final adjustments to the 2018 allocation were not received until late March 2018. This allocation increase was needed to allow the CLTS program to provide goods and services needed to meet the needs of children and youth with special health care needs who would be enrolled in the CLTS program.

Currently there are 23 children on Waupaca County's CLTS waitlist. In order to serve these children an additional full time social worker/case manager will be needed; in addition to the above mentioned staff carrying full caseloads.

The CLTS program operates on two main revenue sources. The primary revenue is through billing case management for services provided. Additionally, the total allocation is subject to an administrative allocation based on total dollars spent. On average a case manager who has a full case load brings in more revenue than the cost of their position and benefits.

Thank you in advance for your consideration

Shannon Kelly, Deputy Director DHHS

RESOLUTION NO. 11 (2018-19)

SUBJECT: The Health and Human Services Department requests a Full-Time CLTS (Children's Long Term Support) Case Manager to eliminate a waitlist for children.

WHEREAS, the Wisconsin Department of Health Services has given County Waiver Agencies the direction to eliminate all CLTS Waitlists by December 31, 2018; and,

WHEREAS, this direction to eliminate the waitlist was given in early 2017, however final adjustments to the 2018 allocation were not received until late March 2018; and,

WHEREAS, this allocation increase was needed to allow the CLTS program to provide goods and services needed to meet the needs of children and youth with special health care needs who would be enrolled in the CLTS Program; and,

WHEREAS, the State of Wisconsin has significantly increased the allocation to Counties to provide additional CLTS services and eliminate waitlists, which will allow WCDHHS to provide services to the 23 children currently Waupaca County's waitlist; and,

WHEREAS, the CLTS program operates on two main revenue sources. The primary revenue is through billing case management for services provided. Additionally, the total allocation is subject to an administrative allocation based on total dollars spent; and,

WHEREAS, our CLTS Case Managers are at a maximum caseload capacity and unable to accept more case assignments without a new Case Manager position.

NOW, THEREFORE, LET IT BE RESOLVED that the Waupaca County Board of Supervisors authorizes the Health and Human Services Department to hire a full-time CLTS Social Worker at Waupaca County Grade 8 or 9, effective with passage of this resolution.

LET IT FURTHER BE RESOLVED that funding for this position will come through billing case management for services provided. Additionally, the total allocation is subject to an administrative allocation based on total dollars spent. On average a case manager who has a full case load brings in more revenue than the cost of their position and benefits.

PUBIC COMMENT: None

INTRODUCTIONS: Everyone introduced themselves.

CST WAIT LIST UPDATE: Cristin has contacted everyone on the wait list. Three kids are off the wait list and have begun receiving services. The wait list is not on a first come, first serve basis. Clients are served depending on their level of need. The average time on the wait list is about one month, if there is a high level of need. Those on the wait list are given other resources while they wait for CST services.

CST REFERRAL UPDATE: Cristin contacts the family within two weeks of receiving a referral. Although the person making the referral make think the case is a priority, the family does not always feel that way. CST is a voluntary program.

REVIEW REFERRAL FORM: Cristin reviewed each section of the updated referral form. The new form is longer. Cristin felt the need for more information. Cristin has worked on the form with the other social workers for several months. Schools, law enforcement and Agency social workers are the biggest referral sources. Cristin will be meeting with all school districts and district police liaisons to review the form. The form can now be filled out on the computer and would then be e-mailed. Most referrals should be made electronically.

The referral form should be filled out with the parents and not behind their backs. Committee members suggested listing some examples of trauma such as divorce or moving. Suggested listing sensitive issues that parents don't want to talk about or don't want services for. A short program description should be added.

Cristin and Jan will be meeting on a regular basis to discuss which program is the best fit for the family so that two referral forms don't have to be filled out.

PRESENTATION BY ANN JADIN, NAMI:

Jan introduced Ann Jadin from NAMI Fox Valley. NAMI has opened an office in the Woods Mall in Waupaca.

Ann reported NAMI serves Outagamie, Calumet, Northern Winnebago and Waupaca Counties. Any services offered in Appleton can also happen in Waupaca County. NAMI partners and collaborates with many different groups to provide services. NAMI's mission is to work to support and empower everyone touched by mental illness. We commit to eliminate stigma and nurture recovery through advocacy, education, support and outreach. NAMI's vision is to envision a community, free of stigma, that supports and promotes mental health and recovery. They have a staff of 20 that work out of an office in Appleton. Ann reviewed a power point presentation and passed around brochures and handouts which explained the different services offered.

NEXT MEETING DATE: The next meeting is scheduled for June 22, 2018 in Room 1037 on the first floor of the Waupaca County Courthouse. Bruce Rathe is arranging for a representative from DVR to give a presentation.
